Common procedure

- Overall examination of qualifications by competent authorities
  Québec ↔ France

  ➔

  ➔

  Overall examination of scopes of practice

  Overall examination of formal qualifications or apprenticeship program

Assessment

Step 1

- Scopes of practice and formal qualifications deemed equivalent overall
- Substantial differences in the scopes of practice and/or formal qualifications
- Scopes of practice and formal qualifications deemed incompatible

Step 2

- Recognition of qualifications
- No recognition of qualifications

Step 3

- Sufficient professional experience may compensate for differences in training
  And/or
  Compensation by adaptation period or, if necessary, by an aptitude test

Conditions for recognition

Recognition of qualifications

No recognition of qualifications

The competent authorities issue the licence to practice to the foreign candidate. This licence is subjected to the same conditions as those applicable to professionals of the receiving party.

The candidate must enroll in a program of study leading to a qualification.
